Have you heard of PEMF Therapy?

With the current pandemic everyone knows how important it is to have a strong immune system. Pemf helps the body on a cellular level making your body well protected against any outside invaders, by increasing your natural defense system. It also helps support the functions of your organs, joints, bones, etc. Pulse Centers is a company that over the last 20 years developed the most powerful and effective pemf machine in the world. It is a non invasive therapy used by professional athletes, astronauts, and all kinds of people who are suffering with chronic conditions. It is also FDA approved for bone issues and depression. 80% of people feel results after just the first session! Now is the perfect time to give it a shot, because we are offering a special for the next month. Pay for one session and get two free. A total of 3 sessions for the price of one. Take advantage now, as slots are filling up quickly. For more information and to reserve your spot call or text Dr. Rena at 8452703352. Located in Monsey, NY. Looking forward to helping you on your healing journey.
